We have enjoyed their service in providing high-quality food. I recommend them for future endeavours.

I love their momos. The outer covering is super thin, and there are a range of fillings to try. Don't miss their chocolate momos!

They fearlessly experiment with and deliver several innovative food products with amazing quality.

Incredible frozen snack options. The chocolate momos, cheese jalapeno nuggets, cheese chilly, and numerous other flavours are must-tries.

SnackerStreet stands for innovation, variety and great taste.
